University of London Press

"At the University of London Press, we have been reflecting on recent conversations in the sector about research culture, what this means for the humanities, the potential benefits of open access, the role of publishing and our own role as a publisher."

Professor Sarah Fox reflects on publishing and research culture at the University of London Press

Professor Rachel E. Johnson reflects on publishing and research culture at the University of London Press

Professor Diogo de Carvalho Cabral reflects on publishing and research culture at the University of London Press
